

CIRCULAR

The primary concern of GITAM (Deemed to be University) is that the welfare and safety of its stakeholders (Students, Faculty, Non-teaching Staff, Invitees, Parents, Visitors and others). In all the three campuses, we are closely monitoring the nature, timing and interactions of the students and staff in view of the rapid spread of COVID-19.

If an individual has been exposed to COVID-19 even asymptomatic symptoms, the follow-up testing is recommended for that person having symptoms of COVID-19, has been in close contact with someone who has COVID-19 positive. If an individual tests positive, the University will facilitate the help with reference to hospitalization, support, health monitoring, contact tracing, isolation and quarantine along with heightened disinfection of work spaces.

I am by direction of the Vice-Chancellor requesting for your immediate attention to and compliance with the safety measures as per GITAM COVID-19 Policy (uploaded in the University website) - not only to ensure your own well-being, but also well-being of all stakeholders.
